

March 31st is the deadline for your church's contributions to be recognized at the Annual Meeting this June.

SHARED MINISTRIES FUND

Through this fund, NACCC churches accomplish ministries broader than one church can undertake alone. It is the lifeblood of NACCC, providing resources so that all active churches in our fellowship, can benefit from our pastoral search process, conflict management services, Annual Meeting and Conference, church planting and revitalization, continuing education, ministerial support, missions, seminary scholarships, youth gatherings, and many other ministries. A directory of vital services that the shared ministries fund supports can be found on our website www.naccc.org.

If you would like to check your churches contributions to the Shared Ministries Fund for this year please contact us.
